DRS 5300 SERIES

DRS 5300

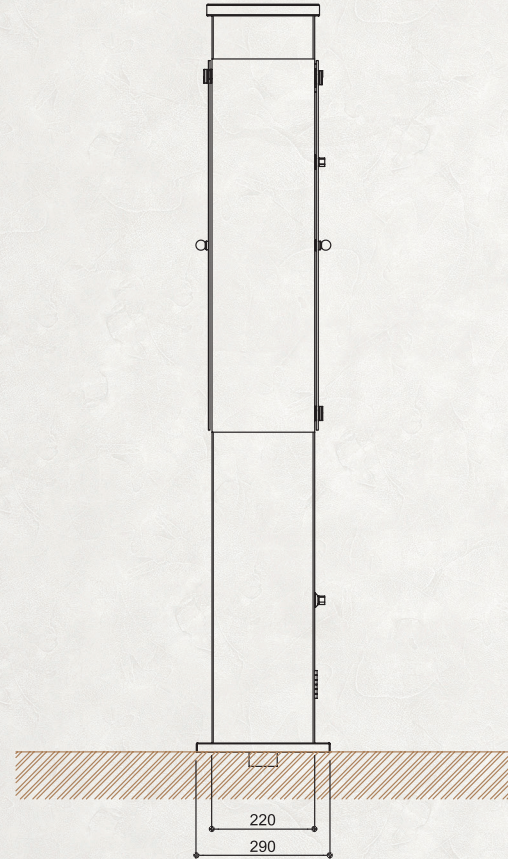

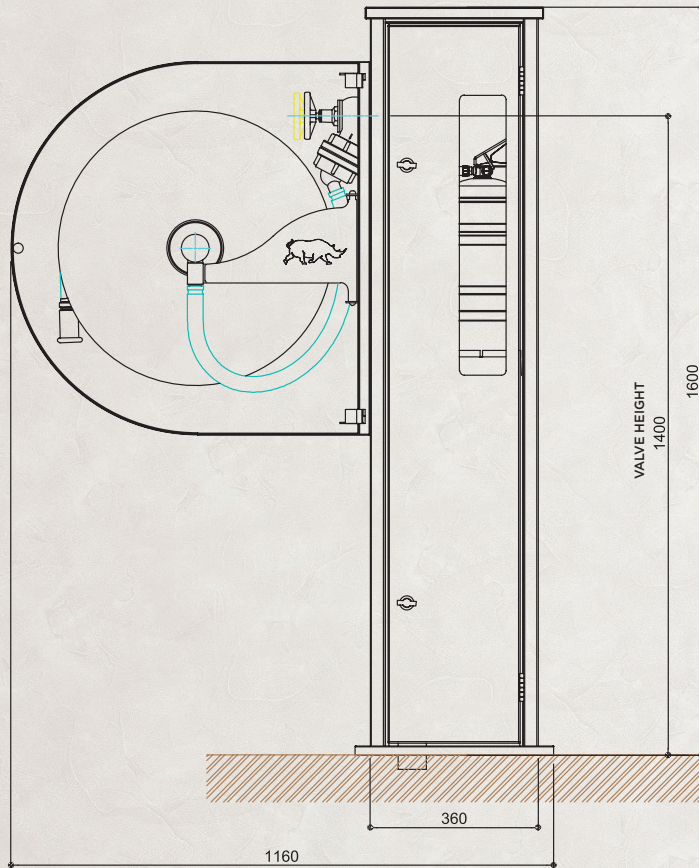

PRODUCT TECHNICAL SPECIFICATIONS

It is used in places such as Shopping Malls, Fairgrounds, Airports etc. where there are too many walls or where there are no walls where fire cabinets can be mounted. Manufactured from Completely Stainless CrNi Material Shopping Mall Type Cabinet protects the Aesthetic Appearance for years. Due to its base structure, Fire Cabinet can be easily mounted to the desired area. Base also prevents bad appearance and problems that may occur by hiding the water installation as well as mounting to floor and handling tasks. Shopping Mall Type Fire Cabinet Convenient Transparent Design for Double Sided Use Makes Cabinets Noticeable and Simplifies User Intervention in case of Fire.

INTERNAL MATERIALS
